

Call for Publications in UAS in Nysa Scientific Journal  
**"Risk in Organisation Management"**  
Submission Deadline: 30.06.2024

## SCOPE OF THE JOURNAL

We welcome submissions in various aspects of Risk Analysis, including but not limited to:

1. **Holistic Approaches to Risk Management:** Novel strategies and frameworks that address risks comprehensively across different sectors.
2. **Technological Risks and Innovations:** Examination of risks associated with emerging technologies and innovative solutions for risk mitigation.
3. **Regulatory Compliance and Governance:** Analysis of the impact of regulatory frameworks on risk management practices and effective governance strategies.
4. **Human Centric Risk Analysis:** Understanding and addressing human factors in risk analysis, with a focus on reducing errors and enhancing overall safety.
5. **Case Studies and best practices:** Real-world case studies and best practices that highlight successful risk analysis implementations in diverse organizational settings.

## SUBMISSION GUIDELINES & IMPORTANT INFORMATION:

- Manuscripts should be original, unpublished works, and not under consideration elsewhere.
- Authors are required to follow the journal's formatting guidelines available on the website.
- Submissions should be made through sending the work on the required address with **Author`s Statement**
- All submissions will undergo a rigorous peer-review process to ensure high-quality research publication.
- The Publishing House of the University of Applied Sciences in Nysa adheres to rules of publishing ethics to prevent unfair publishing practices. Please review the guidelines at **Publishing Ethics Guedlines**.
- We follow a strict Publication Procedure, accessible at **Publication Procedure** and **Review procedure**
- Authors, by submitting a manuscript, agree to the peer-review and anti-plagiarism procedures. Submitted texts must be original, and authors will sign a declaration to this effect.
- Manuscripts undergo internal and external reviews, and two positive external reviews determine acceptance for publication.
- Authors receive reviewers' recommendations and have an opportunity to make corrections before final acceptance
- Reviews are confidential and kept on file internally at the publisher. The publication includes the names of the reviewers
